## Health & Safety Policy

Stafford & District Operatic Society are fully committed in ensuring the health, safety and welfare of our members, so far as is reasonably practicable, at all rehearsals and during shows. We are also fully committed to protecting others who may be affected by our activities.

The Committee are vigilant in ensuring that members are able to bring to our attention matters of health and safety that need to be addressed. Members who have an issue should speak to a Committee Member and that Committee Member will raise it at the next Committee meeting.

The Committee will ensure that all members are informed of their obligations to take care of their own health and safety and for the safety of other persons who may be affected by their acts or omissions. This will be done at the induction stage for all new members. All members will have a copy of this policy.

The Committee will ensure that this policy will be reviewed annually and as a result of that review, changes are made to procedures, and our overall health and safety policy, to take into account the items identified as needing change in that review.

The Committee are aware of their obligations under the Health & Safety Act 1974.
